HOW TO USE THIS MAP

Follow controls 1–17 in order. At each control, find the permanent marker and record its control code. Use the map, terrain, and compass to navigate between controls.

Black meridian lines point towards Magnetic North. No correction required for declination.

Orienteering Map Instructions

INSTRUCTIONS

1. Locate the course controls.
Use the course map to determine the distance and direction of travel between each control. The course begins and ends at the starting triangle.

2. Study the map before starting.
Take a few moments to become familiar with the map. Identify the fields, roads, paths, water sources, and other important features. Hold the map flat and rotate it so that it matches the terrain around you.

3. Visit the controls in order.
Begin at the starting point and follow the route shown on the map toward Control #1. When you reach each control, locate the marker post and record the letter code displayed on it. Continue through the controls in numerical order until you reach the finish.

Control # / Letter Code	
1	S

This is what a control looks like. Once you find it, record the letter on your chart.

You are ready to begin!

Orienteering Map Information

WHAT IS ORIENTEERING?

Orienteering is a sport that combines navigation, map reading, and outdoor adventure. The goal is to use a detailed map and compass to find a series of marked locations, called controls, in the correct order.

At each control, participants locate a marker and record its control code to prove that they visited the correct location. The challenge is to determine the best route between controls while navigating through the park.

Orienteering can be enjoyed by people of all ages and abilities. Participants may walk, hike, or run the course, making it an excellent way to explore the outdoors while developing navigation skills, confidence, and fitness.

ABOUT THIS COURSE

This permanent orienteering course was created at Alapocas Run State Park as an Eagle Scout project by Eli Rust and Scouting America Troop 342.

The course covers approximately 1.45 miles and includes 17 controls located throughout the park. The course travels along trails, through wooded areas, and across varied terrain.

The map uses 5 m contour intervals to help participants recognize changes in elevation. Careful observation of both the map and the surrounding terrain is an important part of successfully completing the course.

SAFETY NOTES

Alapocas Run State Park is an active public park. Other visitors, bicycles, vehicles, wildlife, and changing trail conditions may be encountered while completing the course.

Please:

- Stay on designated trails whenever practical.
- Watch for uneven or slippery ground, roots, rocks, and steep slopes.
- Be aware of bicycles and other trail users.
- Do not enter restricted areas.
- Keep a safe distance from streams and steep drop-offs.
- Do not disturb plants, wildlife, historic features, or other park property.
- Bring water, especially during warm weather.
- Young participants should be accompanied by an adult.
- Follow all posted park rules and regulations.

If conditions become unsafe, stop the course and return to a safe location.

In the event of any emergency, please dial 9-1-1.
To directly contact Natural Resources Police State Park Unit Dispatch dial 302-739-4580

Course start address:
Alapocas Ball Fields, Wilmington, DE 19803
Park Office Address:
1914 W Park Dr, Wilmington, DE 19803

Alapocas Run Park Office Number (for non emergencies): 302-577-1164
To report nonemergent environmental crimes and concerns to the Natural Resources Police use the TIP411 app or dial 302-739-9221
